**1. GIS ADDITIONAL SPACE NEEDS**

There was discussion about the need for additional space for the GIS Department. Since the GIS Department and the Appraisers Office have the same customers, it is not desirable to move the department upstairs. A discussion was held regarding the possibility of moving the Planning & Zoning Department upstairs instead and allowing the GIS Department to move into their current space. Both, Marcie Weatherly, P&Z Director and Lisa Olson, GIS Director agreed that it is a solution that could work for both departments.

This item will be placed on a future agenda for additional discuss and possible approval.

## **2. FAIRGROUNDS COMPLEX DISCUSSION**

## **3. LAND SWAPPING WITH THE CITY OF LIBERAL**

Chair Linenbroker was approached by the City about their desire to acquire the property North of National that has the old barn on it. They are interested in the property for future industrial use.

After discussion, a consensus was made to allow Chair Linenbroker to pursue the issue with the City and see if they would be interested in swapping land owned by them out by the Event Center for the land they are wanting.

## **4. OVERHEAD SOUND AT THE EVENT CENTER**

Linda Johnson, Event Center Director advised the Commission that they no longer have an overhead sound system at the Event Center. The one that is in there was the original system and has never been a good system. She wanted the Commissioners to be made aware of this so that it can be discussed at budget time.

**Commission Malin moved to adjourn the meeting. Commissioner Rice seconded the motion; motion carried 4-0 with Commissioner LaFreniere absent.**

Meeting adjourned at 5:17pm
